Introduces students to the basic processes of the automotive industry and how the estimating process is involved. Topics of focus are the estimate process both computer-based and hand-written, estimation adjustment, customer service, total losses, parts ordering, work flow, general shop running operations, and profit assessment and negotiation. 15 hours of lecture and 90 hours of lab are required.
Headteacher Nick Ellery said: “This year’s GCE and Level 3 results once again have held up very well for students at UCC. This is the culmination of the tremendous commitment and hard work from the students and teachers over the last two years during a period of course and examination reform.

A. Preamble: Core Goals for Undergraduate Education Graduates of Ball State University are individuals who realize their intellectual potential, who seek to add breadth and depth to their perspectives, and who maintain their physical well-being.
