### **Best Of Instagram Portrait Photography - Forbes**

Portrait photography or portraiture in photography is a photograph of a person or group of people that captures the personality of the subject by using effective lighting, backdrops, and poses. A portrait picture might be artistic, or it might be clinical, as part of a medical study. Frequently, portraits are commissioned for special occasions, such as weddings or school events.

No 6. John Singer Sargent (1856-1925) In a curious if unintentional confirmation of John Singer Sargent's growing stature as arguably the greatest portrait painter of the modern era, the New York Metropolitan Museum of Art at a recent exhibition juxtaposed the works of Velazquez with those of some of his admirers, including Edouard Manet and Sargent.
