Read Werner Erhard's Academic Papers. Putting Integrity Into Finance: A Purely Positive Approach, by Werner Erhard and Michael C. Jensen, Published by Columbia University's Center on Capitalism and Society in their Journal: Capitalism and Society, Volume 12, Issue 1, May 2017. Professor Michael C. Jensen spoke to Georgetown’s McDonough School of Business’ graduating seniors about integrity ...

Werner Erhard, New Model of Integrity
Business ethics (also known as corporate ethics) is a form of applied ethics or professional ethics, that examines ethical principles and moral or ethical problems that can arise in a business environment. It applies to all aspects of business conduct and is relevant to the conduct of individuals and entire organizations. These ethics originate from individuals, organizational statements or ...

Ethics - The history of Western ethics: The first ethical precepts must have been passed down by word of mouth from parents and elders, but as societies learned to use the written word, they began to set down their ethical beliefs. These records constitute the first historical evidence of the origins of ethics. The earliest surviving writings that might be taken as ethics textbooks are a ...

JSTOR: Viewing Subject: Economics
But anyone who cares to read Smith’s Wealth of Nations for themselves will find an economics discussed and justified in explicitly moral terms, in which markets, and the division of labour they allow, are shown to both depend upon and produce not only prosperity but also justice and freedom, particularly for the poor. With those concerns in mind, it should not be surprising that Smith was a ...

When writing this post I found myself a bit uncomfortable with terminology like “use value” and “exchange value” and so steered away from them – well also because a production function approach to the question is just so much damned clearer! Exchange value was fine, but use value I found a bit confusing – as I always wanted it to be defined either in terms of the buyer (their ...
