

Hector Berlioz First Discovery Music

Hector Berlioz First Discovery Music

Le roi Lear (King Lear), Op. 4. Composed in Nice in 1831 during Berlioz's journey back to France after his stay in Italy (due to winning the Prix de Rome). The overture is based on Shakespeare's King Lear, a recent discovery for the composer whose love of the dramatist is evident in many other of his works. It was first performed at the Paris Conservatoire on 22 December 1833.

2. Wolfgang Mozart: Requiem in D Minor, K. 626 (1791) In all of sacred music, there are few works that rival the writing of Mozart's immortal, incomplete Requiem: the mystery of the Introit, the fire of the Dies Irae, the brilliance of the Confutatis, and the majesty of the Rex Tremendae. Mozart's work simply operates on a higher plane than any other examples in this genre.

Hamlet is a grand opera in five acts of 1868 by the French composer Ambroise Thomas, with a libretto by Michel Carré and Jules Barbier based on a French adaptation by Alexandre Dumas, père, and Paul Meurice of William Shakespeare's play Hamlet.

Hamlet (Thomas) - Wikipedia

Counterpoint, art of combining different melodic lines in a musical composition. It is among the characteristic elements of Western musical practice. The word counterpoint is frequently used interchangeably with polyphony. This is not properly correct, since polyphony refers generally to music consisting of two or more distinct melodic lines while counterpoint refers to the compositional ...
