The Effective Lesson. There are certain ways to improve and create an effective lesson.. 1) Direct instruction is a type of instruction that occurs when a teacher transmits information directly to students, and structures a class to reach a clearly defined set of objectives. It is especially good when teaching well-defined information or skills that a student must master.

### **PBS - THE WEST - Lesson Plans Index**

From the Preface: This book is about the relationship between what psychologists are discovering and what Christians believe. Unlike most other books on psychology and religion, this one is not primarily concerned with what psychologists have said about religion, with the speculations of personality theorists, or with a Christian approach to counseling.
