Research Assistant Positions not at the NBER

A structured interview (also known as a standardized interview or a researcher-administered survey) is a quantitative research method commonly employed in survey research. The aim of this approach is to ensure that each interview is presented with exactly the same questions in the same order. This ensures that answers can be reliably aggregated and that comparisons can be made with confidence ...

It is well-known and inarguable that the gang problem has changed, as well as become more entrenched, over the past 25 years. Media reporting has a natural tendency to cover areas experiencing escalations in gang violence, sometimes directly or inadvertently creating the illusion that the upsurge is widespread and perpetual.
