The standard of living for Romanian orphans is still problematic despite vast improvements since their conditions were leaked to the West after the fall of the Communist government in 1989. A news report on the American newsmagazine 20/20, which first aired on October 5, 1990, was the first to show the conditions in full detail on television.

Touch Attacks. Some attacks completely disregard armor, including shields and natural armor—the aggressor need only touch a foe for such an attack to take full effect. In these cases, the attacker makes a touch attack roll (either ranged or melee). When you are the target of a touch attack, your AC doesn't include any armor bonus, shield bonus, or natural armor bonus.
